The background of the entire image is a dark, muted olive green. Overlaid on this background are several layers of light green, semi-transparent mountain range silhouettes. These silhouettes are positioned at different heights and depths, creating a sense of a vast, layered mountain landscape. The peaks and ridges are soft and rounded, contributing to a serene and natural aesthetic.

LEGAL & OWNERSHIP

Anchan Villas offers prospective buyers the flexibility of choosing between two distinct property ownership options: freehold and leasehold. We understand the importance of making an informed decision, and our team of highly skilled and experienced lawyers is at your service to guide you through the intricacies of each choice, ensuring that you fully comprehend the legal implications and advantages associated with both.

Feel free to reach out to our recommended qualified lawyers, who are well-versed in Thailand's property laws, to provide you with personalized guidance and advice throughout the decision-making proces

LEASEHOLD

This option is particularly tailored for foreign buyers. Under the terms of a 30 x 3 arrangement, you can secure a leasehold interest in the property while simultaneously obtaining freehold ownership of the villas themselves. This innovative arrangement is designed to provide you with the security and rights associated with freehold ownership, ensuring that you can enjoy your investment with confidence.

FREEHOLD

The Freehold title option is thoughtfully designed to meet the needs of both Thai buyers and foreign individuals who choose to acquire property through Thai limited companies. This approach grants buyers the authority to possess both the land and the villas as freehold properties, offering enhanced control and the potential for long-term advantages.
